**WORK RELATED EXPERIENCE:**

**Calvary Chapel Heartland**

01/2020-Present

Fort Valley GA

Producer, Director of Photography, & Editor

I schedule times with each Pastor and record five videos a week, edit these videos and share them out online to premiere at their proper air times. I have overcome many challenges from internet issues trying to live-stream the services using a live broadcasting switchboard to pre-recording and editing everything to upload and premiere as if it were live. I have strived to put out top quality work, and make sure that no matter what the message keeps going out.

Warner Robins, GA.

Producer, Director of Photography, Editor

I have worked on projects scoping from simple photoshoots to commercial videos utilizing multiple ground cameras as well as drone footage. I currently utilize the Sony FS5K, as well as the Sony A7 RIV.

I currently utilize Final Cut Pro X for video editing, however, I also know how to use Premiere Pro. Some of the clients I have done work for include; The Guardian Centers, Pure Flavor, Catchmark, David Collins Photography, and several other local businesses.
